Notice Close Date

BV-011-17-02  
Control Number

GDOT Project #  
PI #007042  
State Route 128 over Whitewater Creek Bridge Replacement  
Activity

This notice is issued to inform the public of a receipt of an Application for a variance submitted pursuant to a state environmental law. The public is invited to comment during the 30-day period on the proposed activity. Site Plans are immediately available for review and are located in the following EPD office: Watershed Protection Branch 200 Piedmont Avenue, S.W. Suite 418 West Atlanta, Georgia 30334. Please contact Ms. Thais Edwards at (404) 463-2382 or e-mail [Thais.Edwards@dnr.ga.gov](mailto:Thais.Edwards@dnr.ga.gov) to schedule an appointment to review the plans. Since the EPD has no authority to zone property or determine land use, only those comments addressing environmental issues related to air, water, and land protection will be considered in the application review process. Written comments should be submitted to: Program Manager, NonPoint Source Program, Erosion and Sedimentation Control, 2 MLK Jr., Dr., SW Suite 1462 East, Atlanta, Georgia 30334.

Type of Permit Application: Variance to encroach within the 25-foot State waters buffer.

Applicable Law: Georgia Erosion and Sedimentation Act O.C.G.A. 12-7-1 et seq.

Applicable Rules: Erosion and Sedimentation Control Chapter 391-3-7

Basis under which variance shall be considered {391-3-7.05 (2) (a-k)}: h, k(1)

Description and Location of Proposed Activity: **The proposed project would impact PS 8 (unnamed tributary to Whitewater Creek) by replacing the existing bridge carrying SR 128 over Whitewater Creek. The SR 128 bridge at Whitewater Creek would expand 633 feet and consist of two 12-foot travel lanes with 8-foot wide paved shoulders. A temporary bridge would be constructed upstream and along the western side of the existing bridge to serve as a detour while the existing structure is removed and replaced with new construction. The project is located on SR 128 over Whitewater Creek approximated 3.5 miles northwest of Montezuma, Macon County, Georgia.**

Name and Address of Permit Applicant:

Mr. Kelvin Mullins  
Georgia Department of Transportation  
Office of Environmental Services  
600 W. Peachtree Street, NW, 16<sup>th</sup> Floor  
Atlanta, Georgia 30308

Summary of Rules Requirements for Variance Application:

The application for a variance must include an approved Erosion and Sediment Control Plan with control measures based on sound conservation and engineering practices which meet or exceed the standards in the "Manual for Erosion and Sediment Control in Georgia" and which will minimize erosion and deposition of sediments on adjacent lands or into State waters.
