PUBLIC NOTICE  
WATERSHED PROTECTION BRANCH

June 28, 2017  
Notice Issue Date

Athens / Clarke County  
City / County

July 28, 2017  
Notice Close Date

BV-029-17-01  
Control Number

University of Georgia – Environmental Safety Division  
Oconee Forest Park - Lake Herrick Upper Pond - Restoration  
Activity

This notice is issued to inform the public of a receipt of an application for a variance submitted pursuant to a state environmental Law. The public is invited to comment during the 30-day period on the proposed activity. Site plans are immediately available for review and are located in the following EPD office: Watershed Protection Branch, 200 Piedmont Avenue SW, Suite 418 West, Atlanta, GA 30334. Please contact Ms. Jarell Singleton at (404) 463-2382 or email [jarell.singleton@dnr.ga.gov](mailto:jarell.singleton@dnr.ga.gov) to schedule an appointment to review the plans. Since the EPD has no authority to zone property or determine land use, only those comments addressing environmental issues related to air, water, and land protection will be considered in the application review process. Written comments should be submitted to: Program Manager, NonPoint Source Program, Erosion and Sedimentation Control, 2 Martin Luther King Jr. Drive SW, Suite 1462 East, Atlanta, GA 30334.

Type of Permit Application: Variance to encroach within the 25-foot State waters buffer.

Applicable Law: Georgia Erosion and Sedimentation Act O.C.G.A. 12-7-1 et seq.

Applicable Rules: Erosion and Sedimentation Control Chapter 391-3-7

Basis under which variance shall be considered {391-3-7-.11 (2)(a-k)}: (a)

Description and Location of Proposed Activity:

The proposed Lake Herrick Upper Pond project involves the construction of a *new* earthen dam (3H:1V) and outlet control structure with a 42" Ø reinforced concrete outlet pipe and riprap apron. Mitigation will consist of planting native riparian trees, shrubs and a herbaceous ground cover to restore the buffer around the Lake Herrick Upper Pond in the Oconee Forest Park at the University of Georgia. Activities will result in buffer impacts to approximately 1,105 linear feet total (25,600 square feet total) along the Lake Herrick Upper Pond and an unnamed tributary to the North Oconee River in the *Upper Oconee Watershed* in Athens-Clarke County.

Name and Address of Permit Applicant:

John McCollum, Associate Vice President  
University of Georgia, Environmental Safety Division  
240A Riverbend Road  
Athens, GA 30602

Summary of Rules Requirements for Variance Application:

The application for a variance must include an approved Erosion and Sediment Control Plan with control measures based on sound conservation and engineering practices which meet or exceed the standards in the "Manual for Erosion and Sediment Control in Georgia" and which will minimize erosion and deposition of sediments on adjacent lands or into State waters.
