PUBLIC NOTICE
WATERSHED PROTECTION BRANCH

May 22, 2018
Notice Issue Date

Columbia County
City / County

June 21, 2018
Notice Close Date

BV-036-18-01
Control Number

Columbia County – Crawford Creek Sewer Trunkline
(Shepherd Way, Evans, GA 30813 – Oakley Pirkle Road, Augusta, GA 30907)
Activity

This notice is issued to inform the public of a receipt of an application for a variance submitted pursuant to a state environmental Law. The public is invited to comment during the 30-day period on the proposed activity. Site plans are available for review and are located in the following EPD office: Watershed Protection Branch, 200 Piedmont Avenue SW, Suite 418 West, Atlanta, GA 30334. Please contact Ms. Thais Edwards at (404) 463-2382 or email thais.edwards@dnr.ga.gov to schedule an appointment to review the plans. Since the EPD has no authority to zone property or determine land use, only those comments addressing environmental issues related to air, water, and land protection will be considered in the application review process. Written comments should be submitted to: Program Manager, NonPoint Source Program, Erosion and Sedimentation Control, 2 Martin Luther King Jr. Drive SW, Suite 1462 East, Atlanta, GA 30334.

Type of Permit Application: Variance to encroach within the 25-foot State waters buffer.

Applicable Law: Georgia Erosion and Sedimentation Act O.C.G.A. 12-7-1 et seq.

Applicable Rules: Erosion and Sedimentation Control Chapter 391-3-7

Basis under which variance shall be considered {391-3-7-.05 (2)(a-k)}: (d)

Description and Location of Proposed Activity:

The proposed project will consist of removing the existing 12" - 15" Ø vitrified clay pipe (VCP) sewer lines and installing approximately 6,000 linear feet of 15" - 18" Ø ductile iron pipe (DIP) sewer lines and new manholes along Crawford Creek from the Crawford Creek WPCP at Shepherd Way to Oakley Pirkle Road in Columbia County. All disturbed areas will be returned to original grade and stabilized with mulching and permanent vegetation and all open-cut trenches will be backfilled and restored to current conditions to the extent practicable. The proposed project will result 1,136 linear feet total (17,546 square feet total) of buffer impacts along Crawford Creek and unnamed tributaries to Crawford Creek in the Middle Savannah Watershed in Columbia County.

Name and Address of Permit Applicant: Eric Hinds, Manager
Columbia County
Water Utility Engineering and Inspection Department
2140 William Few Parkway, Building A
Grovetown, GA 30813

Summary of Rules Requirements for Variance Application:

The application for a variance must include an approved Erosion and Sediment Control Plan with control measures based on sound conservation and engineering practices which meet or exceed the standards in the "Manual for Erosion and Sediment Control in Georgia" and which will minimize erosion and deposition of sediments on adjacent lands or into State waters.
