Notice Issue Date

Decatur County
City/County

April 10, 2017
Notice Close Date

BV-043-17-01
Control Number

King Residence-Vegetated Gabion Wall Construction
Activity

This notice is issued to inform the public of a receipt of an Application for a variance submitted pursuant to a state environmental Law. The public is invited to comment during the 30-day period on the proposed activity. Site Plans are immediately available for review and are located in the following EPD office: Watershed Protection Branch 200 Piedmont Avenue, S.W. Suite 418 West Atlanta, Georgia 30334. Please contact Ms. Jarell Singleton at (404) 463-2382 or e-mail jarell.singleton@dnr.ga.gov to schedule an appointment to review the plans. Since the EPD has no authority to zone property or determine land use, only those comments addressing environmental issues related to air, water, and land protection will be considered in the application review process. Written comments should be submitted to: Program Manager, NonPoint Source Program, Erosion and Sedimentation Control, 2 MLK Jr., Dr., SW Suite 1462 East, Atlanta, Georgia 30334

Type of Permit Application: Variance to encroach within the 25-foot State waters buffer.

Applicable Law: Georgia Erosion and Sedimentation Act O.C.G.A. 12-7-1 et seq.

Applicable Rules: Erosion and Sedimentation Control Chapter 391-3-7

Basis under which variance shall be considered {391-3-7.05 (2)(A-K)}: A

Description and Location of Proposed Activity:

Applicant proposes to impact a total of 156 linear feet (1,872 ft²) of stream buffer along Spring Creek to construct a vegetated gabion wall to prevent ongoing erosion of the streambank and protect an existing residence that lies 33 feet from the stream. At its highest point, the wall will be 18-feet high and 10 ½-feet wide; willow stakes will be planted on each consecutive layer between the rock-filled gabions. Project is within the Spring Watershed and is located at 145 Stem Mill Road.

Name and Address of Permit Applicant: Ed & Ellen King
145 Steam Mill Rd.
Brinson, Georgia 39818

Summary of Rules Requirements for Variance Application:

The application for a variance must include an Erosion and Sediment Control Plan with control measures based on sound conservation and engineering practices which meet or exceed the standards in the "Manual for Erosion and Sediment Control in Georgia" and which will minimize erosion and deposition of sediments on adjacent lands or into State waters.
