Notice Issue Date

Rome/Floyd County
City/County

June 16, 2017
Notice Close Date

BV-057-17-01
Control Number

South Branch Little Dry Creek/SBLDC-5 Removal of PCB contaminated soils
Activity

This notice is issued to inform the public of a receipt of an Application for a variance submitted pursuant to a state environmental Law. The public is invited to comment during the 30-day period on the proposed activity. Site Plans are immediately available for review and are located in the following EPD office: Watershed Protection Branch 200 Piedmont Avenue, S.W. Suite 418 West Atlanta, Georgia 30334. Please contact Ms. Jarell Singleton at (404) 463-2382 or e-mail jarell.singleton@dnr.ga.gov to schedule an appointment to review the plans. Since the EPD has no authority to zone property or determine land use, only those comments addressing environmental issues related to air, water, and land protection will be considered in the application review process. Written comments should be submitted to: Program Manager, NonPoint Source Program, Erosion and Sedimentation Control, 2 MLK Jr., Dr., SW Suite 1462 East, Atlanta, Georgia 30334

Type of Permit Application: Variance to encroach within the 25-foot State waters buffer.

Applicable Law: Georgia Erosion and Sedimentation Act O.C.G.A. 12-7-1 et seq.

Applicable Rules: Erosion and Sedimentation Control Chapter 391-3-7

Basis under which variance shall be considered {391-3-7.05 (2)(A-K)}: B

Description and Location of Proposed Activity:

Applicant proposes to impact a total of 838 linear feet (42,253 ft²) of stream buffer along both sides of South Branch of Little Dry Creek to perform shallow soils removal, for offsite disposal, that have been contaminated with PCB's. The activity is in accordance with General Electric's Hazardous Waste permit to investigate and delineate the presence of PCB's at or near the facility. Project is located east of Lavender Dr. and north of Brookwood Ave., NW extending along both sides of stream.

Name and Address of Permit Applicant: Mr. Cody Platt
General Electric Company
1935 Redmond Circle
Rome, Georgia 30165

Summary of Rules Requirements for Variance Application:

The application for a variance must include an Erosion and Sediment Control Plan with control measures based on sound conservation and engineering practices which meet or exceed the standards in the "Manual for Erosion and Sediment Control in Georgia" and which will minimize erosion and deposition of sediments on adjacent lands or into State waters.
