PUBLIC NOTICE
WATERSHED PROTECTION BRANCH

July 12, 2019
Notice Issue Date

Gwinnett County
City / County

August 12, 2019
Notice Close Date

BV-067-19-09
Control Number

Wolf Creek, LLC – The Collections at Wolf Creek – Residential Townhomes
(Duluth Highway (GA Highway 120), Lawrenceville, GA 30043)
Activity

This notice is issued to inform the public of a receipt of an application for a variance submitted pursuant to a state environmental Law. The public is invited to comment during the 30-day period on the proposed activity. Site plans are available for review and are located in the following EPD office: Watershed Protection Branch, 200 Piedmont Avenue SW, Suite 418 West, Atlanta, GA 30334. Please contact Ms. Clara Davis at (404) 463-2382 or email clara.davis@dnr.ga.gov to schedule an appointment to review the plans. Since the EPD has no authority to zone property or determine land use, only those comments addressing environmental issues related to air, water, and land protection will be considered in the application review process. Written comments should be submitted to: Program Manager, NonPoint Source Program, Erosion and Sedimentation Control, 2 Martin Luther King Jr. Drive SW, Suite 1462 East, Atlanta, GA 30334.

Type of Permit Application: Variance to encroach within the 25-foot State waters buffer.

Applicable Law: Georgia Erosion and Sedimentation Act O.C.G.A. 12-7-1 et seq.

Applicable Rules: Erosion and Sedimentation Control Chapter 391-3-7

Basis under which variance shall be considered {391-3-7-.05 (2)(a-k)}: (b)

Description and Location of Proposed Activity:

The proposed project will consist of constructing *new* residential townhomes and the associated infrastructure on approximately 14.8 acres (*previously developed as a go-kart racing track*) along Duluth Highway near Riverside Parkway in Gwinnett County. Construction activities will result in 250 linear feet total (4,100 square feet total) of buffer disturbances along an unnamed tributary to Wolf Creek in the *Upper Ocmulgee Watershed* – including the removal of the existing concrete (3,087 square feet) located within the 25-ft stream buffer and buffer re-vegetation. In addition, this project will include an on-site stormwater management system (including a micropool extended detention (ED) basin, two stormwater facilities with infiltration trenches and vegetated filter strips).

Name and Address of Permit Applicant: Jordan Tench
Wolf Creek, LLC
850 Old Alpharetta Highway
Alpharetta, GA 30005

Summary of Rules Requirements for Variance Application:

The application for a variance must include an approved Erosion and Sediment Control Plan with control measures based on sound conservation and engineering practices which meet or exceed the standards in the "Manual for Erosion and Sediment Control in Georgia" and which will minimize erosion and deposition of sediments on adjacent lands or into State waters.
