Activity

This notice is issued to inform the public of a receipt of an application for a variance submitted pursuant to a state environmental Law. The public is invited to comment during the 30-day period on the proposed activity. Site plans are available for review and are located in the following EPD office: Watershed Protection Branch, 200 Piedmont Avenue SW, Suite 418 West, Atlanta, GA 30334. Please contact Ms. Jarell Singleton at (404) 463-2382 or email jarell.singleton@dnr.ga.gov to schedule an appointment to review the plans. Since the EPD has no authority to zone property or determine land use, only those comments addressing environmental issues related to air, water, and land protection will be considered in the application review process. Written comments should be submitted to: Program Manager, NonPoint Source Program, Erosion and Sedimentation Control, 2 Martin Luther King Jr. Drive SW, Suite 1462 East, Atlanta, GA 30334.

Type of Permit Application: Variance to encroach within the 25-foot State waters buffer.

Applicable Law: Georgia Erosion and Sedimentation Act O.C.G.A. 12-7-1 et seq.

Applicable Rules: Erosion and Sedimentation Control Chapter 391-3-7

Basis under which variance shall be considered {391-3-7-.11 (2)(a-k)}: (a)

Description and Location of Proposed Activity:

This project will consist of constructing a *new* concrete canoe slide and a gravel parking area at the Dub Denman Canoe Trail – Waterworks Landing along the Tallapoosa River near GA Highway 100 in Haralson County. Mitigation for buffer impacts will include of restoration of the streambank adjacent to the proposed canoe slide with native riparian non-woody plants and ground covers along the Tallapoosa River. The proposed project will result in approximately 100 linear feet (488 square feet) of buffer impacts along the Tallapoosa River near GA Highway 100 in the *Upper Tallapoosa Watershed*.

Name and Address of Permit Applicant:

Dean Tanner, General Manager
Haralson County Water Authority
4277 Georgia Highway 100
Buchanan, GA 30113

Summary of Rules Requirements for Variance Application:

The application for a variance must include an approved Erosion and Sediment Control Plan with control measures based on sound conservation and engineering practices which meet or exceed the standards in the "Manual for Erosion and Sediment Control in Georgia" and which will minimize erosion and deposition of sediments on adjacent lands or into State waters.
