Notice Issue Date

City of West Point/Harris County
City/County

August 14, 2017
Notice Close Date

BV-072-17-01
Control Number

Daesol Materials Industrial Development
Activity

This notice is issued to inform the public of a receipt of an Application for a variance submitted pursuant to a state environmental Law. The public is invited to comment during the 30-day period on the proposed activity. Site Plans are immediately available for review and are located in the following EPD office: Watershed Protection Branch 200 Piedmont Avenue, S.W. Suite 418 West Atlanta, Georgia 30334. Please contact Ms. Jarell Singleton at (404) 463-2382 or e-mail jarell.singleton@dnr.ga.gov to schedule an appointment to review the plans. Since the EPD has no authority to zone property or determine land use, only those comments addressing environmental issues related to air, water, and land protection will be considered in the application review process. Written comments should be submitted to: Program Manager, NonPoint Source Program, Erosion and Sedimentation Control, 2 MLK Jr., Dr., SW Suite 1462 East, Atlanta, Georgia 30334

Type of Permit Application: Variance to encroach within the 25-foot State waters buffer.

Applicable Law: Georgia Erosion and Sedimentation Act O.C.G.A. 12-7-1 et seq.

Applicable Rules: Erosion and Sedimentation Control Chapter 391-3-7

Basis under which variance shall be considered {391-3-7.05 (2)(A-K)}: H

Description and Location of Proposed Activity:

Applicant proposes to impact a total of 515 linear feet (25,750 ft²) of stream and buffer along an unnamed tributary to Flat Shoals Creek to construct an industrial development facility on a 21-acre site. The industrial development will be an auto parts manufacturing facility that will produce noise insulation products. The project is located at the northeast corner of the intersection of Davison Rd. and Progress Blvd.

Name and Address of Permit Applicant: Mr. Kang Og Lim
Daesol Materials Georgia
791 Progress Boulevard
West Point, Georgia 31833

Summary of Rules Requirements for Variance Application:

The application for a variance must include an Erosion and Sediment Control Plan with control measures based on sound conservation and engineering practices which meet or exceed the standards in the "Manual for Erosion and Sediment Control in Georgia" and which will minimize erosion and deposition of sediments on adjacent lands or into State waters.
