PUBLIC NOTICE
WATERSHED PROTECTION BRANCH

April 29, 2019
Notice Issue Date

Thomaston / Upson County
City / County

May 29, 2019
Notice Close Date

BV-145-19-01
Control Number

City of Thomaston – FY 2018 CDBG – Sanitary Sewer Improvements
(Barnesville Street / Avenue N / 3rd Street, Thomaston, GA 30286)

Activity

This notice is issued to inform the public of a receipt of an application for a variance submitted pursuant to a state environmental Law. The public is invited to comment during the 30-day period on the proposed activity. Site plans are available for review and are located in the following EPD office: Watershed Protection Branch, 200 Piedmont Avenue SW, Suite 418 West, Atlanta, GA 30334. Please contact Ms. Clara Davis at (404) 463-2382 or email clara.davis@dnr.ga.gov to schedule an appointment to review the plans. Since the EPD has no authority to zone property or determine land use, only those comments addressing environmental issues related to air, water, and land protection will be considered in the application review process. Written comments should be submitted to: Program Manager, NonPoint Source Program, Erosion and Sedimentation Control, 2 Martin Luther King Jr. Drive SW, Suite 1462 East, Atlanta, GA 30334.

Type of Permit Application: Variance to encroach within the 25-foot State waters buffer.

Applicable Law: Georgia Erosion and Sedimentation Act O.C.G.A. 12-7-1 et seq.

Applicable Rules: Erosion and Sedimentation Control Chapter 391-3-7

Basis under which variance shall be considered {391-3-7-.05 (2)(a-k)}: (d)

Description and Location of Proposed Activity:

The proposed project will consist of *abandoning-in-place* the existing gravity sanitary sewer lines (exhibiting structural collapses and deformations) and installing approximately 802 linear feet of 8" Ø and 10" Ø PVC gravity sanitary sewer lines and *new* manholes along Bell Creek near Avenue N in the Cotton Mills neighborhood in Thomaston. All disturbed areas will be returned to original grade and stabilized with mulching and permanent vegetation and all open-cut trenches will be backfilled and restored to current conditions to extent practicable. The proposed project will result in 800 linear feet total (13,540 square feet total) of buffer disturbances along Bell Creek in the *Upper Flint Watershed*.

Name and Address of Permit Applicant: Russell Thompson, City Manager
City of Thomaston
110 E Lee Street
P.O. Box 672
Thomaston, GA 30286

Summary of Rules Requirements for Variance Application:

The application for a variance must include an approved Erosion and Sediment Control Plan with control measures based on sound conservation and engineering practices which meet or exceed the standards in the "Manual for Erosion and Sediment Control in Georgia" and which will minimize erosion and deposition of sediments on adjacent lands or into State waters.
