PUBLIC NOTICE
WATERSHED PROTECTION BRANCH

August 9, 2016
Notice Issue Date

Union County
City / County

September 8, 2016
Notice Close Date

TSV-144-16-01
Control Number

Meeks Park
Nottely River – Streambank Stabilization
Activity

This notice is issued to inform the public of a receipt of an application for a variance submitted pursuant to a state environmental Law. The public is invited to comment during the 30-day period on the proposed activity. Site plans are immediately available for review and are located in the following EPD office: Watershed Protection Branch, 200 Piedmont Avenue SW, Suite 418 West, Atlanta, GA 30334. Please contact Ms. Thais Edwards at (404) 463-2387 or email thais.edwards@dnr.ga.gov to schedule an appointment to review the plans. Since the EPD has no authority to zone property or determine land use, only those comments addressing environmental issues related to air, water, and land protection will be considered in the application review process. Written comments should be submitted to: Program Manager, NonPoint Source Program, Erosion and Sedimentation Control, 2 Martin Luther King Jr. Drive SW, Suite 1462 East, Atlanta, GA 30334.

Type of Permit Application: Variance to encroach within the 50-foot State waters buffer.

Applicable Law: Georgia Erosion and Sedimentation Act O.C.G.A. 12-7-1 et seq.

Applicable Rules: Erosion and Sedimentation Control Chapter 391-3-7

Basis under which variance shall be considered {391-3-7-.11 (2)(a-k)}: (a)

Description and Location of Proposed Activity:

The proposed streambank stabilization project will consist of grading the streambanks to a more stable slope (2H:1V) and integrated bio-engineering practices (including coconut fiber rolls and log and rootwad revetments with *Silky Dogwood* and *Button Bush* live stake cuttings) along the Nottely River in Union County. The proposed stabilization practices will prevent further erosion of the streambanks along the Nottely River upstream and downstream of the canoe launch in Meeks Park. The proposed project will result in 500 linear feet total (11,100 square feet total) of buffer disturbances along the Nottely River in the *Hiawassee Watershed*.

Name and Address of Permit Applicant: Lamar Paris
Sole Commissioner, Union County
65 Courthouse Street
Blairsville, GA 30512

Summary of Rules Requirements for Variance Application:

The application for a variance must include an approved Erosion and Sediment Control Plan with control measures based on sound conservation and engineering practices which meet or exceed the standards in the "Manual for Erosion and Sediment Control in Georgia" and which will minimize erosion and deposition of sediments on adjacent lands or into State waters.
