I certify under penalty of law that this report and all attachments were prepared under my direction in accordance with a system designed to assure that qualified personnel properly gather and evaluate the information submitted. Based on my inquiry of the person or persons who manage the system, or those persons directly responsible for gathering the information, the information submitted is, to the best of my knowledge and belief, true, accurate and complete. I am aware that there are significant penalties for submitting false information, including the possibility of fine and imprisonment for knowing violations.

Based on my review of the findings of this report with respect to the risk reduction standards pursuant to the Voluntary Remediation Program ("VRP"), I have determined that groundwater on the voluntary remediation property is in compliance with the provisions, purposes, standards, and policies of the Voluntary Remediation Program Act.

EPD has already concurred that soil is in compliance with Type 1 Risk Reduction Standards as part of the April 11, 2016 Brownfield Limitation of Liability letter.
