ENVIRONMENTAL PROTECTION DIVISION**

**NOTICE OF PUBLIC HEARING AND PROPOSED AMENDMENTS TO GEORGIA'S
RULES FOR SAFE DRINKING WATER, CHAPTER 391-3-5**

This is a second notice, to change the date for the Board of Natural Resources' consideration for adoption of the proposed rule amendments and to extend the public comment period. No changes have been made to the proposed rule amendments since the first notice issued on Nov. 16, 2020.

TO ALL INTERESTED PERSONS AND PARTIES:

Notice is hereby given that, pursuant to the authority set forth below, the Environmental Protection Division (hereinafter, "EPD") of the Georgia Department of Natural Resources proposes amendments to the Rules for Safe Drinking Water, Chapter 391-3-5. EPD proposes to amend provisions of twenty-five Rules in Chapter 391-3-5 to address three categories of amendments: those that address comments from the U.S. Environmental Protection Agency (EPA) and are needed to obtain final primacy approval of Georgia's drinking water rules; those that address state-only items that are not impacted by EPA's primacy review; and those that address general cleanup, including fixing typographical errors and updating the format of rule references throughout most of the Rules being amended.

EPA has reviewed and provided comments to EPD regarding eighteen Rules in this Chapter: Rules 391-3-5-.02, -.10, -.15, -.18, -.20, -.21, -.22, -.23, -.24, -.25, -.27, -.29, -.30, -.32, -.52, -.53, -.54 and -.55. The proposed amendments to these Rules address EPA's comments, which are related to seven prior federal rulemakings, and will ensure consistency between the federal rules and Georgia's rules. EPD is also updating Rule 391-3-5-.19 to incorporate a drinking water contaminant limit that was inadvertently missed. Proposed amendments to these nineteen rules are responsive to the directive in the Federal Safe Drinking Water Act, 40 CFR Part 142, which requires States to adopt new or revised federal regulations in order to maintain primacy (primary enforcement authority) over public drinking water systems. The Director of EPD certifies that the amendments of Rule 391-3-5 are required by 40 CFR Parts 141 and 142, and EPD is delegated by EPA to implement Sections 300f-j of the federal Safe Drinking Water Act.
