Mr. Daniel McCain, Unit Manager  
Industrial Source Monitoring Unit  
Georgia EPD – Air Protection Branch  
4244 International Parkway, Suite 120  
Atlanta, Georgia 30354-3906

Subject: Test Date for Ethylene Oxide Emission Control  
Application No. 27153  
Sterigenics U.S., LLC Atlanta, AIRS No: 06700093

Dear Mr. McCain;

Sterigenics submitted two test protocols on October 31, 2019 to test new capture and emission control equipment at the Sterigenics facility located at 2971 Olympic Industrial Drive SE Suite 116 in Atlanta. One of these test protocols describes testing of the ethylene oxide (EO) emission control systems. We are submitting notification that the testing of the ethylene oxide emission control system will take place beginning at 9:00 am on Wednesday June 24, 2020 and continuing to Friday June 26, 2020..

If you have any questions about this notification, please feel free to contact me.

Sincerely,

A handwritten signature in black ink, appearing to read "Kevin Wagner".

Kevin Wagner  
Director, Environmental Health & Safety
