Subject: Test Report for Ethylene Oxide Control Systems
Application No. 27153
Sterigenics U.S., LLC Atlanta, AIRS No: 06700093

Dear Mr. McCain;

As required following our 2019 application for emission improvements CleanAir Engineering has completed the testing of the ethylene oxide (EO) process control system and the indoor air control system for our facility located at 2973 Olympic Industrial Drive SE, Suite 116, Atlanta, GA 30339. A copy of the final report is enclosed.

The testing was conducted in accordance with previously submitted test protocol as well as correspondence received October 9, 2019. All tests were witnessed on-site by representatives from Georgia EPD. The test runs all showed compliance to current requirements and/or test protocols.

If you have any questions about this notification, please feel free to contact me. I can be reached at 630-928-1771 or by email kwagner@sterigenics.com
