**SUBJECT: Wilkinson Co. – Gordon Landfill #2
Permit No. 158-014D(LI)
Transfer of Solid Waste Handling Permit**

Mr. Maxwell,

Your Solid Waste Handling Permit transfer application has been reviewed and is hereby approved.

The Solid Waste Handling Permit, **158-014D(LI)**, is attached and includes conditions and limitations for your facility.

Personnel of the Georgia Environmental Protection Division will make periodic inspections of your facility. These inspections will be discussed with you or your designated representative.

This permit is now in effect; however, under Georgia Law it is subject to appeal for a period of thirty (30) days following its issuance. Should an appeal be received within the thirty (30) day appeal period, you will be immediately notified.

If you have any questions regarding this permit, please contact us at (404) 362-2537.

Sincerely,

William Cook
Solid Waste Management Program

DEPARTMENT OF NATURAL RESOURCES

ENVIRONMENTAL PROTECTION DIVISION

LAND PROTECTION BRANCH

Solid Waste Handling Permit

Permittee Name: KaMin LLC

Permittee Address: 822 Huber Road, Macon, Georgia 31217

In accordance with the provisions of the Georgia Comprehensive Solid Waste Management Act, and the Rules promulgated pursuant thereto, this permit is issued for the following operation:

Wilkinson County – Gordon Landfill #2, a private industrial landfill located in Gordon, Georgia (Latitude: 32.8765, Longitude -83.3281).

This permit is conditioned upon the permittee complying with the attached conditions of operation, which are hereby made a part of this permit.

All statements in the application and supporting evidence, information, and data submitted to the Environmental Protection Division of the Department of Natural Resources have been evaluated, considered and relied upon in the issuance of this permit.

This permit is now in effect; however, under Georgia law it is subject to appeal for 30 days following issuance and is subject to modification or revocation on evidence of noncompliance: (i) with any provision of the Act or of the Rules promulgated pursuant thereto; or (ii) with any representation made in the above mentioned application or the statements and supporting data entered therein or attached thereto; or (iii) with any condition of this permit.

A handwritten signature in dark ink, appearing to read 'R. Dunn'.

Richard E. Dunn, Director
Environmental Protection Division

Conditions for Private Industry Solid Waste Landfill

1. Only industrial waste from KaMin LLC shall be deposited at this private industry solid waste disposal facility.
2. No hazardous or putrescible waste shall be deposited at the landfill.
3. All waste shall be spread in layers and compacted to the least practical volume.
4. A uniform compacted layer of clean earth cover not less than one (1) foot in depth shall be placed over all exposed waste materials at least monthly or more frequently as may be determined by the Division.
5. The final cover shall consist of clean earth cover not less than (2) feet in depth over the final lift of waste not later than one month following placement of waste within that lift.
6. Erosion and sedimentation control devices shall be installed and maintained to control all surface runoff and sediments from disturbed areas.
7. A vegetative cover must be established during the placement of the final cover to minimize erosion.
8. The landfill shall be operated in such a manner as to prevent air, land, or water pollution, and public health hazards and nuisance.
9. Access to the landfill shall be limited to authorized entrances which shall be closed when the facility is not in operation.
10. Suitable means shall be provided to prevent and control fires. Stockpiled soil is considered to be the most satisfactory firefighting material.
11. All-weather access roads shall be provided to the facility and provisions shall be made for prompt equipment repair or replacement when needed.
12. This permit shall become null and void one year from the effective date if the permit disposal operation has not commenced within one year from the effective date.
13. The Design and Operational Plan submitted by the permittee and approved by the Division for this private industry solid waste landfill is hereby made a part of this permit and the private industry solid waste landfill shall be operated in accordance with the plan.
14. Closure plans, post-closure plans and appropriate financial responsibility shall be maintained and updated as provided for in the approved Design and Operational Plan.
