STATEMENT OF RATIONALE
Rules for Air Quality Control

Rule 391-3-1-.02(2)(ss) – Gasoline Transport Vehicles and Vapor Collection Systems.

The basis of this rule is to specify requirements for gasoline transport vehicles and vapor collection systems. The purpose of this revision is to clarify requirements for tank labeling and update language for consistency.

Rule 391-3-1-.02(8) – New Source Performance Standards.

The basis of this rule is to adopt the Federal New Source Performance Standards (NSPS) by reference. The purpose of this revision is to include the latest amendment dates and all associated changes into the Georgia rules.

Rule 391-3-1-.02(9) – Emission Standards for Hazardous Air Pollutants.

The basis of this rule is to adopt the National Emission Standards for Hazardous Air Pollutants (NESHAP) by reference. The purpose of this revision is to include the latest amendment dates and all associated changes into the Georgia rules.

The proposed rule revisions are required to comply with federal requirements or are administrative in nature. They are in no way any more restrictive than the federal requirements. They do not incur any additional costs to the regulated industry, local government, or public other than those required to meet the federal rule.
