Re: Implementation of 40 CFR Part 60, Subpart Cf Emission Guidelines and Compliance Times for Municipal Solid Waste Landfills

Dear Mr. Blackman:

With this letter, the Georgia Environmental Protection Division (EPD) is submitting for approval Georgia's proposed State Plan for the Implementation of the Emission Guidelines and Compliance Times for Existing Municipal Solid Waste Landfills. The proposed State Plan satisfies the 40 CFR Part 60, Subparts B and Cf elements that are required to meet section 129 of the Clean Air Act (CAA). Additionally, this State Plan will replace the Federal Plan based on the 2016 Federal Emissions Guideline for Municipal Solid Waste Landfills.

The public notice for Georgia's proposed State Plan was published via GovDelivery.com on September 9, 2022. The proposed revisions were the subject of a public hearing on October 11, 2022. The public comment period ended on October 18, 2022. No oral comments were received during the public hearing. Written comments were received from the EPA on October 7, 2022. A summary of the comments received and EPD's responses are enclosed, along with certification that the required public notice was provided and that a public hearing was held.

We have enclosed the final version of Georgia's State Plan for Implementation of the Emission Guidelines and Compliance Times for Municipal Solid Waste Landfills to satisfy the 40 CFR Part 60, Subparts B and Cf elements that are required to meet section 129 of the CAA. This submittal includes one hard copy and one electronic copy of the State Plan in its entirety. The electronic copy is an exact duplicate of the hard copy.

Mr. Daniel Blackman
