PUBLIC NOTICE
WATERSHED PROTECTION BRANCH

February 9, 2024
Notice Issue Date

Fannin County
City / County

March 11, 2024
Notice Close Date

TSV-055-24-01
Control Number

420 Hemlock Trail Restoration
(GPS Coordinates: 34.9120 -84.4009)

Activity

This notice is issued to inform the public of a receipt of an application for a variance submitted pursuant to a state environmental Law. The public is invited to comment during the 30-day period on the proposed activity. Site plans are available for review and are located in the following EPD office: Watershed Protection Branch File Room, 2 MLK Jr. Drive, SW, West Tower, Balcony, Suite 418, Atlanta, GA 30334. Please contact GORArequest.Water@dnr.ga.gov to schedule an appointment to review the plans. Since the EPD has no authority to zone property or determine land use, only those comments addressing environmental issues related to air, water, and land protection will be considered in the application review process. Comments may be submitted via e-mail to: EPDcomments@dnr.ga.gov. Comments may also be provided in writing to: Program Manager, Nonpoint Source Program, Erosion and Sedimentation Control, 2 Martin Luther King Jr. Drive SW, Suite 1452 East, Atlanta, GA 30334. The words “Buffer Variance Comment”, including the Control Number shown above, should be placed in the e-mail subject line (if sent via e-mail) or on the top of the first page of written comments to ensure that your comments will be forwarded to the appropriate staff.

Type of Permit Application: Variance to encroach within the 50-foot State waters buffer.

Applicable Law: Georgia Erosion and Sedimentation Act O.C.G.A. § 12-7-1 et seq.

Applicable Rules: Erosion and Sedimentation Control Chapter 391-3-7

Basis under which variance shall be considered {391-3-7-.05 (2)(a-k)}: (a)

Description and Location of Proposed Activity:

The proposed project will consist of replacing a deteriorating timber retaining wall with a new modular block retaining wall along Fightingtown Creek. The proposed retaining wall will provide the necessary structural support for the existing dwelling of a single-family residential home along Hemlock Trail in Fannin County. The dimensions of the new retaining wall will match the dimensions of the existing retaining wall with the buffer vegetation restored with native grasses, live-stakes, and overhead plantings. Activities will result in permanent buffer impacts to 80 linear feet (1,000 square feet) along Fightingtown Creek in the Ocoee Watershed (06020003).

Name and Address of Permit Applicant: Ms. Amanda Rogers
800 West Long Lake Drive
Harrison, MI 48625

Summary of Rules Requirements for Variance Application:

The application for a variance must include an Erosion and Sediment Control Plan with control measures based on sound conservation and engineering practices which meet or exceed the standards in the "Manual for Erosion and Sediment Control in Georgia" and which will minimize erosion and deposition of sediments on adjacent lands or into State waters.
