

## **A Part A Application**

The Part A Application was completed in June 2024 and is included as Appendix A. A topographic map of the UCC property extending 1 mile beyond the property boundary showing the regulated unit boundary, surface water bodies, and withdrawal wells is included in Appendix A as A.1. There are no intake and discharge structures. A scale drawing of the regulated unit showing the locations of the former disposal areas is included in Appendix A as A.2. An aerial image of the regulated unit is included in Appendix A as A.3. No structures exist within the regulated unit. Process codes are not shown on Figure A.3 because the regulated unit has been closed since 1988.
