EPD shall have full right of enforcement of the rights conveyed under this Environmental Covenant pursuant to O.C.G.A. § 44-16-1, *et seq.* Failure to timely enforce compliance with this Environmental Covenant or the use or activity limitations contained herein by any person shall not bar subsequent enforcement by such person and shall not be deemed a waiver of the person's right to take action to enforce any non-compliance. Nothing in this Environmental Covenant shall restrict EPD from exercising any authority under applicable law.

Grantor makes the following declaration as to limitations, restrictions, and uses to which the Property may be put and specifies that such declarations shall constitute covenants to run with the land, pursuant to O.C.G.A. § 44-16-5; are perpetual, unless modified or terminated pursuant to the terms of this Environmental Covenant and/or pursuant to O.C.G.A. § 44-16-9 or 10; and shall be binding on all parties and all persons claiming under them, including all current and future Owners of any portion of or interest in the Property for so long as each of them owns or holds any portion of or interest in the property. 2. Prohibited Activities. Any activity on the Property that would expose contaminated soil is prohibited, unless such activity is being carried out in accordance with a Soil Management Plan for the Property approved by the EPD. Grantor agrees to notify EPD prior to commencement of the activity.
3. Residential Use Prohibited. The Property shall be maintained as a non-residential property, as defined in Section 391-3-19-.02 of the Rules for Hazardous Site Response as of the date of this Environmental Covenant. Any residential use of the Property shall be prohibited.

5. Groundwater Extraction and Use Limitation. The extraction or use of groundwater from the Property for any purpose is prohibited, except as follows: 1) groundwater may be extracted and used for purposes of environmental sampling and site characterization, 2) groundwater may be extracted or pumped for site remediation under a corrective action plan approved under the authority of the Director, and 3) groundwater may be extracted or used for other non-potable purposes, including but not limited to construction de-watering if a plan for such extraction, generation or use is approved in writing by the EPD.
