City/County

June 1, 2016
Notice Close Date

BV-029-16-01
Control Number

Maintenance of Failing Pond Dam-Nakanishi Manufacturing Corporation
Activity

This notice is issued to inform the public of a receipt of an Application for a variance submitted pursuant to a state environmental Law. The public is invited to comment during the 30-day period on the proposed activity. Site Plans are immediately available for review and are located in the following EPD office: Watershed Protection Branch 200 Piedmont Avenue, S.W. Suite 418 West Atlanta, Georgia 30334. Please contact Ms. Thais Edwards at (404) 463-2387 or e-mail thais.edwards@dnr.ga.gov to schedule an appointment to review the plans. Since the EPD has no authority to zone property or determine land use, only those comments addressing environmental issues related to air, water, and land protection will be considered in the application review process. Written comments should be submitted to: Program Manager, NonPoint Source Program, Erosion and Sedimentation Control, 2 MLK Jr., Dr., SW Suite 1462 East, Atlanta, Georgia 30334

Type of Permit Application: Variance to encroach within the 25-foot State waters buffer.

Applicable Law: Georgia Erosion and Sedimentation Act O.C.G.A. 12-7-1 et seq.

Applicable Rules: Erosion and Sedimentation Control Chapter 391-3-7

Basis under which variance shall be considered {391-3-7.05 (2)(A-J)}: A

Description and Location of Proposed Activity:

Applicant proposes to impact a total of 330 linear feet of an unnamed tributary of East Fork of Trail Creek to repair the existing pond & earthen dam by removing trees on the existing dam surface and reinstalling new material on the dam to the existing contours and elevations. The project site is on Voyles Rd. 1.3 mi. south from the intersection of Hull Rd. and Voyles Rd.

Name and Address of Permit Applicant: Mr. Todd Sharp
Nakanishi Manufacturing Corporation
1225 Voyles Rd.
Winterville, Georgia 30683

Summary of Rules Requirements for Variance Application:

The application for a variance must include an Erosion and Sediment Control Plan with control measures based on sound conservation and engineering practices which meet or exceed the standards in the "Manual for Erosion and Sediment Control in Georgia" and which will minimize erosion and deposition of sediments on adjacent lands or into State waters.
