PUBLIC ADVISORY
WATERSHED PROTECTION BRANCH

October 5, 2015
Advisory Issue Date

Cobb County
City/County

November 4, 2015
Advisory Close Date

BV-033-14-09 Revision
Control Number

GDOT Project CSNHS-0008-00(256)
PI 0008256
Northwest Corridor I-75/I-575 Managed Lanes
Activity

This advisory is issued to inform the public of a receipt of an application for a variance submitted pursuant to a state environmental law. The public is invited to comment during the 30-day period on the proposed activity. Since the EPD has no authority to zone property or determine land use, only those comments addressing environmental issues related to air, water, and land protection will be considered in the application review process. Written comments should be submitted to: Program Manager, NonPoint Source Program, Erosion and Sedimentation Control, 2 MLK Jr. Dr. S.W., Suite 1462, Atlanta, Georgia 30334.

Type of Permit Application: Variance to encroach within the 25-foot State waters buffer.

Applicable Law: Georgia Erosion and Sedimentation Act
O.C.G.A. 12-7-1 et seq.

Applicable Rules: Erosion and Sedimentation Control
Chapter 391-3-7

Basis under which variance shall be considered {391-3-7.05 (2)(a-k)}: a, h

Description and Location of Proposed Activity:

Application proposes to impact 4,823.9 linear feet (84,932.1 square feet) of stream buffer to five streams within the Chattahoochee watershed for transportation improvements to I-75, I-575, I-285, including the addition of reversible managed lanes on I-75 and I-575. Disturbance activities will consist of the installation of noise walls, placement of fill, temporary construction access, the construction of bents, hand clearing and BMP installation. The project extends from the I-75/I-285 interchange north along I-75 to Hickory Grove Rd and northeast along I-575 south of Sixes Rd in Cobb County.

Name and Address of Permit Applicant:

Ms. Hiral Patel
Georgia Department of Transportation
Office of Environmental Services
600 W. Peachtree Street, NW, 16th Floor
Atlanta, Georgia 30308

Summary of Rules Requirements for Variance Application:

The application for a variance must include an approved Erosion and Sediment Control Plan with control measures based on sound conservation and engineering practices which meet or exceed the standards in the "Manual for Erosion and Sediment Control in Georgia" and which will minimize erosion and deposition of sediments on adjacent lands or into State waters.
