

ENVIRONMENTAL PROTECTION DIVISION
PUBLIC ADVISORY
WATERSHED PROTECTION BRANCH

April 5, 2016
Advisory Issue Date

City of Kennesaw
City/County

May 5, 2016
Advisory Close Date

BV-033-16-02
Control Number

Pine Mountain Road Widening-Shillings Road to Cobb Parkway/US41/SR301
Activity

This advisory is issued to inform the public of a receipt of an Application for a variance submitted pursuant to a state environmental Law. The public is invited to comment during the 30-day period on the proposed activity. Since the EPD has no authority to zone property or determine land use, only those comments addressing environmental issues related to air, water, and land protection will be considered in the application review process. Written comments should be submitted to: Program Manager, NonPoint Source Program, Erosion and Sedimentation Control, 2 MLK Jr., Dr., SW Suite 1462 East, Atlanta, Georgia 30334

Type of Permit Application: Variance to encroach within the 25-foot State waters buffer.

Applicable Law: Georgia Erosion and Sedimentation Act O.C.G.A. 12-7-1 et seq.

Applicable Rules: Erosion and Sedimentation Control Chapter 391-3-7

Basis under which variance shall be considered {391-3-7.05 (2)(A-J)}: A

Description and Location of Proposed Activity:

Applicant proposes to impact a total of 363 linear feet (6,284 ft²) of stream buffer along 2 tributaries to Butler Creek and one Open Water to perform roadway widening and improvements from Shillings Rd. to Cobb Pkwy/US41/SR3. Impacts include slope construction for easements, construction and maintenance associated with road widening. This is Phase 2 of an overall 19-acre linear project and will include widening to 3-twelve foot lanes, addition of sidewalks on both sides, and right turn lanes at Pine Mtn. Way and Cobb Pkwy.

Name and Address of Permit Applicant:

Mr. Ricky Stewart
City of Kennesaw
Public Works Department
3080 Moon Station Rd.
Kennesaw, Georgia 30144

Summary of Rules Requirements for Variance Application:

The application for a variance must include an Erosion and Sediment Control Plan with control measures based on sound conservation and engineering practices which meet or exceed the standards in the "Manual for Erosion and Sediment Control in Georgia" and which will minimize erosion and deposition of sediments on adjacent lands or into State waters.
