

ENVIRONMENTAL PROTECTION DIVISION  
PUBLIC ADVISORY  
WATERSHED PROTECTION BRANCH

January 28, 2016  
Advisory Issue Date

City of Roswell  
City/County

February 29, 2016  
Advisory Close Date

BV-060-15-11  
Control Number

Sun Valley Phase 1  
Streambank Restoration/Stream Relocation/Water Quality Improvements/Maintenance  
Activity

This advisory is issued to inform the public of a receipt of an Application for a variance submitted pursuant to a state environmental Law. The public is invited to comment during the 30-day period on the proposed activity. Since the EPD has no authority to zone property or determine land use, only those comments addressing environmental issues related to air, water, and land protection will be considered in the application review process. Written comments should be submitted to: Program Manager, NonPoint Source Program, Erosion and Sedimentation Control, 2 MLK Jr., Dr., SW Suite 1462 East, Atlanta, Georgia 30334

Type of Permit Application: Variance to encroach within the 25-foot State waters buffer.

Applicable Law: Georgia Erosion and Sedimentation Act O.C.G.A. 12-7-1 et seq.

Applicable Rules: Erosion and Sedimentation Control Chapter 391-3-7

Basis under which variance shall be considered {391-3-7.05 (2)(A-J)}: A, B, H

Description and Location of Proposed Activity: The applicant proposes to impact a total of 1,390 linear feet (53,010 ft<sup>2</sup>) of stream and buffer along 3 unnamed tributaries to Foe Killer Creek and one unnamed open water impoundment with the overall intent of extending Sun Valley Drive from State Route 9/Alpharetta Highway to connect with Warsaw Rd. extension that will alleviate congestion at the Mansell Rd./State Route 9 intersection, provide alternate access to State Route 9 and Mansell Rd. and provide a regional solution for water quality and stormwater management in the Sun Valley drainage basin.

Name and Address of Permit Applicant:

Mr. Rob Dell-Ross  
City of Roswell  
Transportation Department  
38 Hill St.  
Roswell, Georgia 30075

Summary of Rules Requirements for Variance Application:

The application for a variance must include an Erosion and Sediment Control Plan with control measures based on sound conservation and engineering practices which meet or exceed the standards in the "Manual for Erosion and Sediment Control in Georgia" and which will minimize erosion and deposition of sediments on adjacent lands or into State waters.
