

EPD Stakeholder Meeting

Watershed Protection Branch

Discussion of Possible Future Rule Changes

The Georgia Environmental Protection Division (EPD) Watershed Protection Branch is conducting a stakeholder meeting to discuss the possible future rule changes. The meeting will be held on July 15, 2014 from 1pm to 3:30pm at the EPD Tradeport Training Room located at 4244 International Parkway, Suite 116 Atlanta GA 30354.

The purpose of this meeting is to inform and solicit input from the public and impacted organizations regarding possible development of a Drought Management Rule that would replace the current Rules for Outdoor Water Use (391-3-30) and the 2003 Drought Management Plan.

EPD's primary goals and objectives are to ensure that stakeholders are given the opportunity to understand the process of rule revisions and the scope of the possible future rule changes that are under consideration. EPD will also listen to comments and address stakeholder questions.

Please note that registration is required (no fee) in order for us to ensure that there is adequate seating for interested attendees. If the meeting fills up, EPD may hold additional, duplicate, meeting(s). You may register for the meeting at the following link:

<http://airpermit.dnr.state.ga.us/eventregistration/EventDetails.aspx?eventid=38>

Please print out the handouts available at the link below and bring them to the meeting:

<http://epd.georgia.gov/development-possible-new-drought-management-rules>

EPD is accepting feedback from stakeholders on these issues through August 5, 2014.
