RE: Comments Received for  
City of Statesboro  
Urban Reuse System  
NPDES Permit No. GAJ020302  
(Bulloch County)

Dear Mr. Aycock:

Thank you for your comments regarding the permit issuance for the City of Statesboro Urban Reuse System. We have determined that your request to add the phrase, "For monitoring purposes for fecal coliform bacteria, effluent shall refer to the discharge from the reuse chlorination system," to Part I.B. of the permit can be granted. This phrase has been added to the permit. In addition, we have attached a fact sheet addendum which documents changes (if any) in the attached permit. We appreciate your interest in this matter.

After consideration of your comments, EPD has determined that the permit is protective of water quality standards and we have issued the permit.

If you have any questions, please contact Johanna Smith of my staff at 404-656-6937 or [Johanna.Smith@dnr.ga.gov](mailto:Johanna.Smith@dnr.ga.gov).

Sincerely,

Jeffrey Larson, Assistant Branch Chief  
Watershed Protection Branch
