SUMMARY OF MATERIALS SURVEY

For the Lead and Copper Regulation

	Name of Public Water System:			
System ID#:				
Plumbing Materials	Single Family	Multi-Family	Commerce	
	Residence	Residence	Building	
	Number of	Service	Connections	
Interior Plumbing				
Lead Pipe	A)	F)	J)	
Copper pipe with lead solder installed 1/1/83-6/19/88	B)	G)	K)	
Copper pipe with lead solder installed before 1/1/83	(C)			
Lead Service Lines				
Entire Line	D)	H)	L)	
Partial Line	E)	1)	M)	
Total Available Sites				
Single Family (Tier 1) Total of Bloc Multi Family (Tier 2) Total of Block	ks F+G+H+I =	. 14		
Multi Family (Tier 2) Total of Block Commercial Buildings (Tier 2) Total Single Family (Tier 3) Total of Block (attach explanation for justif Sample drawn form lead service line	ks F+G+H+I = II of Blocks J+K+L k C = Tying the use of Tiches Total Of Block	er2 and Tier 3) s D+E+H+I+L+N	A =	
Multi Family (Tier 2) Total of Block Commercial Buildings (Tier 2) Total Single Family (Tier 3) Total of Block (attach explanation for justif Sample drawn form lead service lings Of Cu/Pb tap water samples required:	ks F+G+H+I = II of Blocks J+K+L k C = ying the use of Tiones Total Of Block #Of WQP en	er2 and Tier 3) s D+E+H+I+L+N try points required:		
Multi Family (Tier 2) Total of Block Commercial Buildings (Tier 2) Total Single Family (Tier 3) Total of Block (attach explanation for justif Sample drawn form lead service line	ks F+G+H+I = al of Blocks J+K+L k C = ying the use of Tiones Total Of Block #Of WQP en #Of WQP Distributed to reside	er2 and Tier 3) s D+E+H+I+L+N try points required: st. system samples nts explaining the	required:	
Multi Family (Tier 2) Total of Block Commercial Buildings (Tier 2) Total Single Family (Tier 3) Total of Block (attach explanation for justif Sample drawn form lead service ling Of Cu/Pb tap water samples required: Of Cu/Pb source water samples required: Enclosed is a copy of the material dis	ks F+G+H+I = al of Blocks J+K+L k C = fying the use of Tiches Total Of Block #Of WQP en #Of WQP Distributed to residen who are performing	er2 and Tier 3) s D+E+H+I+L+N try points required: st. system samples nts explaining the	required:	
Multi Family (Tier 2) Total of Block Commercial Buildings (Tier 2) Total Single Family (Tier 3) Total of Block (attach explanation for justiff Sample drawn form lead service lines of Cu/Pb tap water samples required: Of Cu/Pb source water samples required: Enclosed is a copy of the material dispethods, and a list of the residents were	ks F+G+H+I = al of Blocks J+K+L k C = fying the use of Tiches Total Of Block #Of WQP en #Of WQP Disstributed to reside who are performing	er2 and Tier 3) s D+E+H+I+L+N try points required: st. system samples nts explaining the	required:e proper collect	
Multi Family (Tier 2) Total of Block Commercial Buildings (Tier 2) Total Single Family (Tier 3) Total of Block (attach explanation for justif Sample drawn form lead service lines of Cu/Pb tap water samples required: Of Cu/Pb source water samples required: Enclosed is a copy of the material distinct of the residents was a copy of the material distinct of the residents.	ks F+G+H+I = al of Blocks J+K+L k C = fying the use of Tiches Total Of Block #Of WQP en #Of WQP Distributed to reside who are performing Please	er2 and Tier 3) s D+E+H+I+L+N try points required: st. system samples nts explaining the g sampling.	required:e proper collect to the following adories ories orners East
