PUBLIC NOTICE
WATERSHED PROTECTION BRANCH

March 1, 2019
Advisory Issue Date

Rabun County
City/County

April 1, 2019
Advisory Close Date

TSV-119-19-01
Control Number

US 441 / Wolffork Sewer Extension
(Address)
Activity

This notice is issued to inform the public of a receipt of an Application for a variance submitted pursuant to a state environmental law. The public is invited to comment during the 30-day period on the proposed activity. Site Plans are available for review and are located in the following EPD office: Watershed Protection Branch 200 Piedmont Avenue, S.W. Suite 418 West Atlanta, Georgia 30334. Please contact Ms. Clara Davis at (404) 463-2382 or e-mail clara.davis@dnr.ga.gov to schedule an appointment to review the plans. Since the EPD has no authority to zone property or determine land use, only those comments addressing environmental issues related to air, water, and land protection will be considered in the application review process. Written comments should be submitted to: Program Manager, NonPoint Source Program, Erosion and Sedimentation Control, 2 MLK Jr., Dr., SW Suite 1462 East, Atlanta, Georgia 30334.

Type of Permit Application: Variance to encroach within the 50-foot State waters buffer.

Applicable Law: Georgia Erosion and Sedimentation Act O.C.G.A. 12-7-1 et seq.

Applicable Rules: Erosion and Sedimentation Control Chapter 391-3-7

Basis under which variance shall be considered {391-3-7.05 (2)(a-k)}: d

Description and Location of Proposed Activity:

The proposed project will consist of the installation of an 8 in diameter gravity sewer line along US 441 in Rabun County. Stream buffers will be stabilized after construction. This project will result in approximately 320 linear feet total (11,112 square feet total) of buffer impact along an unnamed tributary of the Little Tennessee River in the *Little Tennessee River Watershed.*

Name and Address of Permit Applicant:

Mr. Brendan Thompson
General Manager
Rabun County Water & Sewer Authority
184 South Main Street, Suite 125
Clayton, Georgia 30525

Summary of Rules Requirements for Variance Application:

The application for a variance must include an approved Erosion and Sediment Control Plan with control measures based on sound conservation and engineering practices which meet or exceed the standards in the "Manual for Erosion and Sediment Control in Georgia" and which will minimize erosion and deposition of sediments on adjacent lands or into State waters.
