

Revised Sections of Georgia's Redesignation Request and Maintenance Plan for the Atlanta Ozone Nonattainment Area for the 2008 8-Hour Ozone NAAQS

The following identifies the sections of the redesignation request and maintenance plan that have been revised. The page number indicates the location of the revision.

- Title Page
- Section 3.1.1 Attainment and Maintenance Year Emissions Inventories
 - Section 3.1.1.3 Nonroad Mobile Sources
 - Table 3-6. Summer Day Nonroad Mobile Source Emissions in 2014 and 2030, tons/day, page 33
 - Section 3.1.1.4 Onroad Mobile Sources, page 33
 - Table 3-7. Summer Day Onroad Mobile Source Emissions in 2014 and 2030, tons/day, page 34
 - Section 3.1.1.5 Summary of 2014 and 2030 Emissions Inventories
 - Table 3-8. Summary of 2014 and 2030 Summer Day Emissions Inventory (tons/day), page 34
- Section 3.1.2. Intermediate Year Emissions Projections
 - Section 3.1.2.3 Nonroad mobile sources
 - Table 3-11. Projected Nonroad Mobile Source Emissions (tons), page 36
 - Section 3.1.2.4 Onroad mobile sources
 - Table 3-12. Projected Onroad Mobile Source Emissions (tons, summer day), page 36
 - Section 3.1.2.5 Emissions Projections Summary and Demonstration of Maintenance of Attainment, page 36
 - Table 3-13. Projected Emissions – Total of All Sectors (tons, summer day), page 37
 - Section 3.1.2.6 Emission Decreases
 - Table 3-15. Emissions Decreases, page 37
- Section 4.3 Motor Vehicle Emissions Budgets and Safety Margins, page 43
 - Table 4-2, Motor Vehicle Emissions, Safety Margins and Emissions Budgets, page 44
 - Table 4-3. Summary of Projected NO_x Emissions – Total of All Sectors (tons, summer day), page 44
 - Table 4-4. Summary of Projected VOC Emissions – Total of All Sectors (tons, summer day), page 45
