**Re: Executed Uniform Environmental Covenant
BWAY Litho - HSI Site No. 10731
Intersection of Charlie Smith Road (a.k.a. Woodlake Road)
Tax Parcels # 063 041**

FILE COPY

Dear Ms. Daniels,

Enclosed as required to complete the recording and filing of the Uniform Environmental Covenant for the BWay Litho Site – HSI # 10731 please find file-stamped copies of the one covenants which was recorded on February 22, 2019. As you are aware, the facility only received the Litho Covenant due to a clerical error. We have tracked the Drum Site document down and should have it in hand by tomorrow March 20, 2019 where by the document will be recorded and appropriate notifications sent out.

This letter also certifies that a copy of the signed covenant was mailed to each of the parties identified per O.C.G .A. 44-16-7. Enclosed for your reference are the return receipts from the mailings. BWay Corporation believes that this mailing completes the filing the Uniform Environmental Covenant- Tax ID 063-041 on the BWAY Litho Site which will remove the location from the Hazardous Site inventory. ICS understands that all outstanding invoices must be paid in full before the Site is removed from the inventory. Please feel free contact Mary Angelicola of Industrial Compliance Solutions, LLC at 203-768-1403 should you require anything further regarding this matter.

Sincerely

Mary Angelicola

**Description of Contamination and Corrective Action:
BWAY Corporation**

In April 1995, Georgia EPD discovered what appeared to be soil contamination in the ditch along Woodlake Drive located to the west of the Lithographic Plant. A culvert leading from the plant building's chemical containment area to the ditch was removed. Soil samples taken after the excavation of the ditch were analyzed by EPA Methods 8020 and 8270 and were found to exceed HRSA Notification Concentrations for analytes including ethyl benzene, xylene, methyl ethyl ketone (MEK), naphthalene, and isophorone. A second phase of soil excavation removed around 72 cubic yards of soil from the ditch along Woodlake Drive. Confirmation soil samples were collected after the second round of excavation in order to determine levels of contamination remaining in the soil. The concentrations of ethyl benzene, xylene, MEK, naphthalene, and isophorone were in compliance with the Type 1 Residential Risk Reduction Standards. The concentrations of these chemicals, plus chromium copper, and lead in soil samples from other areas of the BWAY Lithographic Plant were also in compliance with the Type 1 Residential Risk Reduction Standards. The concentrations of zinc in soil at the BWAY Lithographic Plant are in compliance with the Type 2 Residential Risk Reduction Standard.

Ground water contamination with low concentrations of a limited number of volatile organic compounds, including naphthalene, is present at the Property.

This Declaration of Covenant is made pursuant to the Georgia Uniform Environmental Covenants Act, O.C.G.A. § 44-16-1 *et seq.* by BWAY Corporation, its successors and assigns and the State of Georgia, Department of Natural Resources, Environmental Protection Division (hereinafter "EPD"), its

successors and assigns. This Environmental Covenant is required because a release of volatile organic compounds to ground water occurred on the Property. Certain volatile organic compounds are "regulated substances" as defined under the Georgia Hazardous Site Response Act, O.C.G.A. § 12-8-90 *et seq.*, and the rules promulgated thereunder (hereinafter "HSRA" and "Rules", respectively). The Corrective Action consists of institutional controls (i.e., prohibiting the use of ground water for drinking water or for any other non-remedial purposes) to protect human health and the environment.

Grantor, BWAY Corporation, hereby binds Grantor, its successors and assigns to the activity and use restriction(s) for the Property identified herein and grants such other rights under this Environmental Covenant in favor of EPD. EPD shall have full right of enforcement of the rights conveyed under this Environmental Covenant pursuant to HSRA, O.C.G.A. § 12-8-90 *et seq.*, and the rules promulgated thereunder. Failure to timely enforce compliance with this Environmental Covenant or the use or activity limitations contained herein by any person shall not bar subsequent enforcement by such person and shall not be deemed a waiver of the person's right to take action to enforce any non-compliance. Nothing in this Environmental Covenant shall restrict EPD from exercising any authority under applicable law.

BWAY Corporation makes the following declaration as to limitations, restrictions, and uses to which the Property may be put and specifies that such declarations shall constitute covenants to run with the land, pursuant to O.C.G.A. § 44-16-5(a); is perpetual, unless modified or terminated pursuant to the terms of this Covenant pursuant to O.C.G.A. § 44-16-9 and 10; and shall be binding on all parties and all persons claiming under them, including all current and future owners of any portion of or interest in the Property (hereinafter "Owner"). Should a transfer or sale of the Property occur before such time as this Environmental Covenant has been amended or revoked then said Environmental Covenant shall be binding on the transferee(s) or purchaser(s).

The Environmental Covenant shall inure to the benefit of EPD, BWAY Corporation and their respective successors and assigns and shall be enforceable by the Director or his agents or assigns, BWAY Corporation or its successors and assigns, and other party(ies) as provided for in O.C.G.A. § 44-16-11 in a court of competent jurisdiction.

Activity and/or Use Limitation(s)

1. Registry. Pursuant to O.C.G.A. § 44-16-12, this Environmental Covenant and any amendment or termination thereof, may be contained in EPD's registry for environmental covenants.
2. Notice. The Owner of the Property must give thirty (30) day advance written notice to EPD of the Owner's intent to convey any interest in the Property. No conveyance of title, easement, lease, or other interest in the Property shall be consummated by the Owner without adequate and complete provision for continued monitoring, operation, and maintenance of the Corrective Action. The Owner of the Property must also give thirty (30) day advance written notice to EPD of the Owner's intent to change the use of the Property, apply for building permit(s), or propose any site work that would affect the Property.
3. Notice of Limitation in Future Conveyances. Each instrument hereafter conveying an interest in the Property subject to this Environmental Covenant shall contain a notice of the activity and use limitations set forth in this Environmental Covenant and shall provide the recorded location of the Environmental Covenant.
4. Monitoring. None required.

5. Periodic Reporting. Annually, by no later than January 31 following the effective date of this Environmental Covenant, the Owner shall submit to EPD an Annual Certification Report stating whether or not the activity and use limitations in this Environmental Covenant are being abided by.
6. Activity and Use Limitation(s). None.
7. Ground Water Limitation. The use or extraction of ground water beneath the Property for drinking water or for any other non-remedial purposes shall be prohibited.
8. Permanent Markers. Not required.
9. Right of Access. In addition to any rights already possessed by EPD and/or BWAY Corporation, the Owner shall allow authorized representatives of EPD and/or BWAY Corporation the right to enter the Property at reasonable times for the purpose of conducting the inspections necessary to determine compliance with this Environmental Covenant.
10. Recording of Environmental Covenant and Proof of Notification. Within thirty (30) days after the date of the Director's signature, the Owner shall file this Environmental Covenant with the Records of Deeds for each County in which the Property is located, and send a file stamped copy of this Environmental Covenant to EPD within thirty (30) days of recording. Within that time period, the Owner shall also send a file-stamped copy to each of the following: (1) each person holding a recorded interest in the Property subject to the covenant, (2) each person in possession of the real property subject to the covenant, (3) each municipality, county, consolidated government, or other unit of local government in which real property subject to the covenant is located, and (4) each owner in fee simple whose property abuts the property subject to the Environmental Covenant.
11. Termination or Modification. The Environmental Covenant shall remain in full force and effect in accordance with O.C.G.A. § 44-16-1 *et seq.*, unless and until the Director determines that the Property is in compliance with the Type 1, 2, 3, or 4 Risk Reduction Standards, as defined in Georgia Rules of Hazardous Site Response (Rules) Section 391-3-19-.07, whereupon the Environmental Covenant may be amended or revoked in accordance with Section 391-3-19-08(7) of the Rules and O.C.G.A. § 44-16-1 *et seq.*
12. Severability. If any provision of this Environmental Covenant is found to be unenforceable in any respect, the validity, legality, and enforceability of the remaining provisions shall not in any way be affected or impaired.
13. No EPD Interest in Property Created. This Environmental Covenant does not in any way create any interest by EPD in the Property that is subject to the Environmental Covenant. Furthermore, the act of approving this Environmental Covenant does not in any way create any interest by EPD in the Property in accordance with O.C.G.A. § 44-16-3(b).

Representations and Warranties.

Grantor hereby represents and warrants to the other signatories hereto:

- a) That the Grantor has the power and authority to enter into this Environmental Covenant, to grant the rights and interests herein provided and to carry out all obligations hereunder;
- b) That the Grantor is the sole owner of the Property and holds fee simple title which is free, clear and unencumbered;
- c) That the Grantor has identified all other parties that hold any interest (e.g., encumbrance) in the Property and notified such parties of the Grantor's intention to enter into this Environmental Covenant;

- d) That this Environmental Covenant will not materially violate, contravene, or constitute a material default under any other agreement, document or instrument to which Grantor is a party, by which Grantor may be bound or affected;
- e) That the Grantor has served each of the people or entities referenced in Activity 10 above with an identical copy of this Environmental Covenant in accordance with O.C.G.A. § 44-16-4(d).
- f) That this Environmental Covenant will not materially violate or contravene any zoning law or other law regulating use of the Property; and
- g) That this Environmental Covenant does not authorize a use of the Property that is otherwise prohibited by a recorded instrument that has priority over the Environmental Covenant.
