Director's Office

Judson H. Turner, Director

2 Martin Luther King Jr. Drive, SE

Suite 1456 East, Floyd Tower

Atlanta, GA 30334-9000

Office: 404-656-4713

Fax: 404-651-5778

Vacant, Receptionist	404-656-4713
Darlene Blunt, Executive Assistant	404-657-2086
Mary Walker, Assistant Director	404-651-7966
Vacant, Administrative Assistant	404-651-7964
Doralyn Kirkland, Sr. Policy and Planning Advisor	404-651-7968
Bert Langley, Director of Compliance	404-651-7807
Angela Ivester, Director of Information Technology	404-463-0077
Kevin Chambers, Communications Director	404 651-7970
Erin Ruoff, Finance Director	404-656-3310
Aubrey Hendrix, Administrative Management	404-651-7960
Erin Elmore, Director of Human Resources	404-463-1432
Jim Kennedy, State Geologist	404-463-0679
Karen Hays, Air Protection Branch Chief	404-363-7016
Jeff Cown, Land Protection Branch Chief	404-463-8509
Jac Capp, Watershed Protection Branch Chief	404-463-4911
David Jones, Director of Laboratory Operations	678-248-7388

For Emergencies (spills, industrial fires) - 24 hour coverage

(800) 241-4113 - toll free

Media Relations

(404) 651-7970

General Information

(404) 657-5947

(888) 373-5947 - toll free

LABORATORY OPERATIONS

**David Jones,
Director**

- ◆ Laboratories
 - Air Quality (Tamiko Rivers)
 - Bacteriology (Avionne Fortner, Acting)
 - GC/MS (Ralph Shulz, Acting)
 - Inorganics (Kristy Hrehor)
 - Metals (Mark Tolbert)
 - Organics (Carmen Jones)
 - ◆ Quality Assurance (Phillip Mitchell)
-
- Conduct chemical and microbiological tests to ensure compliance with state and federal environmental laws and rules
 - Work exclusively with EPD regulatory and monitoring personnel

5804 Peachtree Corners East
Norcross, GA 30092-3403
Phone: (678) 248-7384
Fax: (678) 248-7389

Air Protection Branch

BRANCH CHIEF: Karen Hays

ASSISTANT BRANCH CHIEF: Dika Kuoh

Administrative Operations Manager: Lou Ann Carmichael

4244 International Parkway, Suite 120

Atlanta, GA 30354-3906

Phone: (404) 363-7000

AMBIENT MONITORING DeAnna Oser, Program Manager	INDUSTRIAL SOURCE MONITORING Ross Winne, Program Manager	MOBILE AND AREA SOURCES Pamela Earl, Program Manager
<ul style="list-style-type: none"> ◆ Meteorology Unit (Bill Murphey) ◆ Data Analysis Unit (Janet Aldredge-Byars) ◆ Operations 1 Unit (Sid Stephens) ◆ Operations 2 Unit (Ken Buckley) ◆ Quality Assurance Unit (Alex Yang) 	<ul style="list-style-type: none"> ◆ Chemical & Volatile Organic Compound Source Monitoring Unit (Dan McCain) ◆ Combustion & Mineral Source Monitoring Unit (Vacant) 	<ul style="list-style-type: none"> ◆ Vehicle Emissions Inspection/Maintenance Unit (Vacant) ◆ Communication & Emissions Control Unit (Kelley Nardell-Powell) ◆ Enforcement Unit (Chuck Armitage)
<ul style="list-style-type: none"> • Conduct ambient monitoring for air toxics, volatile organic compounds (VOCs), lead, ozone, sulfur dioxide, carbon monoxide, nitrogen dioxide, particulate matter, and meteorological conditions • Measure levels of air pollutants throughout the state • Use data to determine compliance with ambient air quality standards • Use data to evaluate the need for special controls and to assist with citizen inquiries • Maintain and report the air pollution indices 	<ul style="list-style-type: none"> • Specify and approve stationary source emissions monitoring and testing procedures • Help to ensure adequate permit conditions and actions regarding source monitoring and testing issues • Audit required stationary source emissions testing and required instrumentation to monitor compliance at industrial facilities • Observe and certify all emission continuous monitors 	<ul style="list-style-type: none"> • Implement enhanced vehicle emissions inspection and maintenance program • Implement diesel emissions reduction initiatives • Implement Georgia Gasoline program • Ensure compliance with Stage I and II gasoline recovery and transport rules • Address NAAQS nonattainment area issues, including developing and implementing mobile and area control strategies • Handle public affairs and news media relations for the Air Protection Branch • Implement public participation plans • Provide criminal environmental law enforcement

Phone: (404) 363-7000

POLICY AND RADIATION UNIT

Program Manager

- **Environmental Radiation (Travis Cartoski)**
- Act as primary state responder to incidents at nuclear power plants
- Oversee remedial actions involving radioactive materials
- Maintain environmental radiation monitoring networks around commercial and defense nuclear facilities in or bordering Georgia
- Regulate the concentration, storage and disposal of radioactive waste material
- License and inspect users of radioactive materials
- Administer the Radiation Control Act
- Regulate the use of radioactive materials other than at nuclear reactors
- Act as primary state responder for incidents involving radioactive materials and radiation exposure at licensed facilities

4244 International Parkway
Suite 120
Atlanta, GA 30354-3906
Phone: (404) 362-2675
Fax: (404) 363-7100

Land Protection Branch – Floyd Tower Offices

BRANCH CHIEF: Jeff Cown

ASSISTANT BRANCH CHIEF: Beth Blalock

Administrative Operations Coordinator: Jackie Hymel 404-657-8843

2 Martin Luther King Jr. Drive, SE Suite 1054 East Floyd Tower

Atlanta, GA 30334-9000

Phone: (404) 656-7802

HAZ. WASTE CORRECTIVE ACTION
Jim Brown, Program Manager
<ul style="list-style-type: none"> ◆ Remedial Sites Unit 1 (Jim McNamara) ◆ Remedial Sites Unit 2 (John Fonk) ◆ Remedial Sites Unit 3 (Bruce Khaleghi) ◆ Risk Assessment Unit (Shanna Alexander)
<ul style="list-style-type: none"> • Post-closure permitting, compliance monitoring, and enforcement at closed hazardous waste land disposal facilities • Review cleanups for privately-owned/operated National Priorities List sites • Perform risk assessments for both human health and ecological impacts • Review delisting petitions
2 Martin Luther King Jr. Drive Suite 1054 East Atlanta, GA 30334-9000 Phone: (404) 656-7802 Fax: (404) 651-9425

RESPONSE & REMEDIATION
Jason Metzger Program Manager
<ul style="list-style-type: none"> ◆ Response Development Unit 1 (David Brownlee) ◆ Response Development Unit 2 (Robin Futch) Acting ◆ Response Development Unit 3 (David Hayes) Acting ◆ Brownfields Unit (Shannon Ridley) Acting
<ul style="list-style-type: none"> • Publish the Hazardous Sites Inventory (HSI) • Take enforcement actions requiring responsible parties to do site investigations and cleanups • Oversee contaminated sites being investigated and cleaned up by responsible parties • Require notification for releases of hazardous substances • Clean up sites using Hazardous Waste Trust Fund when responsible parties are unwilling or unable • Pursue cost recovery against responsible parties when Hazardous Waste Trust Fund has been used • Fund state and local government costs associated with investigating and cleaning up solid waste handling facilities • Conduct preliminary assessments and site evaluations for the federal Superfund program • Oversees cleanup of contaminated property conducted by private parties under the Georgia Hazardous Site Reuse and Redevelopment (“Brownfields”) Act • Issues limitation of liability certificates for brownfields properties where cleanups have been completed • Reviews and certifies brownfields cleanup costs eligible for property tax abatement
2 Martin Luther King Jr. Drive Suite 1054 East Atlanta, GA 30334-9000 Phone: (404) 657-8600 Fax: (404) 651-9425

Land Protection Branch – Floyd Tower Offices (continued)

BRANCH CHIEF: Jeff Cown

ASSISTANT BRANCH CHIEF: Beth Blalock

Administrative Operations Coordinator: Jackie Hymel 404-657-8843

2 Martin Luther King Jr. Drive, SE Suite 1054 East Floyd Tower

Phone: (404) 656-7802

HAZ. WASTE MANAGEMENT

**Jane Hendricks,
Program Manager**

- ◆ Generator Compliance Unit
(Freddie Dunn, Jr.)
- ◆ Department of Defense Unit
(Amy Potter)
- ◆ Treatment & Storage Unit
(Mike Elster)

Conduct Resource Conservation and Recovery Act (RCRA) compliance monitoring and enforcement at the following:

- Hazardous waste generators, hazardous waste transporters, universal waste facilities, marketers of hazardous waste fuel, and used oil transporters and facilities; and
- Permitted treatment, storage, and disposal facilities (TSDFs), such as commercial TSDFs, and Department of Defense TSDFs.
- RCRA permitting at hazardous waste TSDFs, including commercial TSDFs, and Department of Defense TSDFs
- Oversee the investigation and remediation of hazardous constituent releases to soil, groundwater, sediment, and surface water, at hazardous waste facilities regulated under the Georgia Hazardous Waste Management Act
- Oversee the investigation and remediation of National Priorities List sites
- Investigate citizen complaints and provide technical assistance regarding the management of hazardous waste

2 Martin Luther King Jr. Drive
Suite 1054 East
Atlanta, GA 30334-9000
Phone: (404) 656-2833
Fax: (404) 651-9425

Land Protection Branch – Tradeport Offices

BRANCH CHIEF: Jeff Cown

ASSISTANT BRANCH CHIEF: Beth Blalock

Administrative Operations Manager: (Vacant)

4244 International Parkway, Suite 104

Atlanta, GA 30354-3906

Phone: (404) 362-2537

Fax: (404) 362-2580

SOLID WASTE MANAGEMENT

William Cook
Program Manager

- ◆ Industrial/Municipal Solid Waste Unit (Claudia Moeller)
 - ◆ Surface Mining Unit (Kelly Adams)
 - ◆ Environmental Monitoring Compliance Unit (Christy Kehn-Lewis)
 - ◆ Waste Reduction Unit (WRU) (Andrine Stanhope)
 - ◆ Scrap Tire Compliance Unit (ST) (Jamie Lancaster)
-
- Review applications and plans for solid waste handling facilities (including landfills, incinerators, materials recovery facilities, compost facilities) and issue permits for solid waste handling facilities
 - Conduct compliance inspections for industrial solid waste facilities
 - Coordinate Landfill Operator Certification Program
 - Review applications, approve surface mining land use plans and issue surface mining permits
 - Review and approve bonding requirements for surface mining operations and ensure reclamation of completed mining operations
 - Review remediation plans and analyses of ground water, surface water and methane monitoring at solid waste handling facilities
 - Review site suitability reports for solid waste handling facilities
 - Review corrective action plans for ground water and methane compliance violations
 - Issue generator identification numbers, carrier permits, and processor approvals for scrap tire handlers
 - Use state contractors and grants to clean up scrap tire piles
 - Assist local communities with solid waste planning and education
 - Issue scrap tire clean up and education / enforcement grants to local governments
 - Administer the Solid Waste Trust Fund

4244 International Parkway
Suite 104
Atlanta, GA 30354-3906
Phone: (404) 362-2692, -2696
Fax: (404) 362-2693
Phone: (404) 362-2537 (WRU), (404) 363-7027 (ST)
Fax : (404) 362-2550 (WRU & ST)

UNDERGROUND STORAGE TANK MANAGEMENT

Lon Revall
Program Manager

- ◆ Corrective Action Unit I (Darnell Manning)
- ◆ Corrective Action Unit II (Ron Wallace)
- ◆ Regulatory Compliance Unit (Richard Strickfaden)
- ◆ Petroleum Industry Regulatory Team (Shaheer Muhanna)

- Conduct compliance inspections and enforcement of regulations for installation, operation, closure, and clean-up of petroleum and hazardous substance underground storage tank (UST) systems
- Enforce spill, overfill, and corrosion protection requirements
- Ensure compliance with Stage I and II gasoline vapor recovery rules at gasoline filling stations
- Ensure annual registrations of operating UST systems
- Review and approve UST closure reports and corrective action plans
- Provide corrective action contractors for cleanup of eligible UST facilities
- Administer the Georgia Underground Storage Tank and Leaking Underground Storage Tank Trust Funds
- Responsible for compliance monitoring and inspections at all USTs located in the 13 county Metro Atlanta air non-attainment area. Inspections include evaluations of compliance with both the underground storage tank rules and air quality rules.

4244 International Parkway
Suite 104
Atlanta, GA 30354-3906
Phone: (404) 362-2687
Fax: (404) 362-2654

Land Protection Branch – Tradeport Offices (continued)

BRANCH CHIEF: Jeff Cown

ASSISTANT BRANCH CHIEF: Beth Blalock

Administrative Operations Manager: (Vacant)

4244 International Parkway, Suite 104

Atlanta, GA 30354-3906

Phone: (404) 362-2537

Fax: (404) 362-2580

MANAGEMENT and SUPPORT

- ◆ Facilities and File Room Management Unit (Maggie Williams)

- Facilities - Property Manager/Liaison to the Landlord
- File Room – Management of the Public File Review consisting of Underground Storage Tank Management Program files and Solid Waste Management Program files
- FILE REVIEW BY APPOINTMENT ONLY

4244 International Parkway, Suite 104
Atlanta, GA 30354-3906
Phone: (404) 362-2537

LEAD-BASED PAINT & ASBESTOS

**Jennifer Vogel,
Unit Coordinator**

- ◆ Compliance/Outreach Team 1 (Marcus Mincey)
- ◆ Compliance/Outreach Team 2 (William Spain)

- Certify lead-based paint contractors
- Accreditead lead-based paint and asbestos training providers
- Impose and enforce work standards for lead-based paint and asbestos abatement projects
- License contractors to remove friable asbestos
- Enforce training requirements for asbestos supervisors and asbestos contractors

4244 International Parkway, Suite 104
Atlanta, GA 30354-3906
Phone: (404) 363-7026
Fax: (404) 362-2607

Watershed Protection Branch

BRANCH CHIEF: James A. (Jac) Capp

Administrative Operations Coordinator 2: Arnetta Murphy (404) 656-4157

2 Martin Luther King Jr. Drive, Suite 1152 East

Atlanta, GA 30334

Phone: (404) 463-1511

Assistant Branch Chief: Gail Cowie (Chattahoochee/Coosa/Flint/Ochlockonee River Basins) 404-657-5739

Assistant Branch Chief: Jeff Larson (Altamaha/Ocmulgee/Savannah/Ogeechee/Suwannee-Satilla/St. Mary's River Basins) 404-232-1562

NONPOINT SOURCE	WASTEWATER REGULATORY	WATERSHED PLANNING & MONITORING
Glen Behrend, Program Manager	Jeff Larson Program Manager	Elizabeth Booth, Program Manager
<ul style="list-style-type: none"> ◆ Erosion & Sedimentation Control Unit (Michael Berry) ◆ Grants Unit (Vacant) ◆ Outreach Unit (Harold Harbert) ◆ Stormwater Unit (Frances Carpenter) ◆ Floodplain Management Unit/Risk Map (Tom Shillock) 	<ul style="list-style-type: none"> ◆ Industrial Permitting Unit (Audra Dickson) ◆ Municipal Permitting Unit (Gigi Steele) ◆ Wastewater Regulatory Information Unit (Vacant) 	<ul style="list-style-type: none"> ◆ Facilities Monitoring Unit (Mike Phipps) ◆ North Ga Monitoring Unit (Jeremy Smith) ◆ South Ga Monitoring Unit (Brandon Moody) ◆ Water Quality Modeling Unit (Andy Kao) ◆ TMDL Modeling & Development Unit (Ted Hendrickx)
<ul style="list-style-type: none"> • Manage a statewide soil erosion and sedimentation control program • Review local erosion and sedimentation control ordinances and delegate authority to local governments for their erosion and sedimentation control programs • Issue stream buffer variances • Implement municipal, industrial and construction stormwater permitting programs through NPDES permits • Administer the Clean Water Act Section 319(h) federal grant program for non-point source pollution abatement projects • Promote Project WET (Water Education for Teachers) • Promote Adopt-A-Stream and Rivers Alive programs • Conduct floodplain management reviews • Manage the development of updated DFIRMs(flood maps) under the FEMA Risk Map Program • Assist public and local governments for maintaining compliance with criteria of the National Flood Insurance Program 	<ul style="list-style-type: none"> • Issue NPDES and Land Application System permits to municipal, industrial, federal, and privately owned water pollution control plants • Issue industrial pretreatment permits • Issue permits for land disposal of septage • Issue permits for animal (non-swine) feeding operations. Issue Concentrated Animal Feedlot Operation (CAFO) permits • Review engineering reports and technical documents for municipal and industrial facilities • Register commercial waste (fats, oils & grease) haulers • Provide technical support to Georgia Environmental Facilities Authority including construction inspections, process change orders, pay requests and other construction management duties for SRF and GEFA-funded projects • NPDES enforcement and compliance information management through EPA's ICIS-NPDES system 	<ul style="list-style-type: none"> • Compile and maintain data for statewide water quality monitoring and NPDES/Land Application permits for municipal, industrial, federal, and privately owned water pollution control plants. • Develop and maintain geographical information on facilities and streams to support the Watershed Planning and Monitoring Program. • Solicit, review and evaluate water quality data for consideration in the 305(b)/303(d) Integrated Listing process • Evaluate and update the Rules and Regulations for Water Quality Control, Chapter 391-3-6 • Conduct facility compliance monitoring. • Conduct biological, chemical and fish tissue monitoring of Georgia in streams, rivers, lakes, and estuaries for use in developing wasteload allocations and determining compliance with water quality standards • Conduct water quality modeling for the development for wasteload allocations • Develop total maximum daily loading for varied pollutants in water bodies in GA

WATER SUPPLY

**Nap Caldwell,
Program Manager**

Drinking Water & Water Withdrawal Program

**Vacant,
Program Manager**

- ◆ Drinking Water Permitting and Engineering Unit (Kirk Chase)
 - ◆ Ground Water Withdrawal Unit (Bill Frechette)
 - ◆ Surface Water Withdrawal Unit (Lebone Moeti)
 - ◆ Source Water Protection Unit (Don Shellenberger)
-
- Establish bacteriological sampling schedule and track sampling results to ensure public water system compliance with the Safe Drinking Water Act
 - Establish state and federal drinking water regulations concerning: lead & copper, surface water treatment, consumer confidence, and microbiological, chemical, radiological contaminants in public water systems
 - Establish and enforce the state and federal surface water treatment and disinfection byproducts rules
 - Provide technical assistance to operators and administrators of public water systems
 - Issue permits to operate public water systems
 - Review and approve water conservation and cross-connection control plans from public water systems
 - Approve plans and specifications, engineering reports and business plans for the construction of new public water systems (includes source, treatment, storage, and distribution system), and approve the expansion or modification of existing public water systems
 - Issue permits for municipal and industrial surface water and groundwater withdrawals
 - Ensure compliance with permitted water withdrawals
 - Develop ground water and surface water supply conservation planning
 - Develop short-term and long-term water management policies and strategies
 - Inspect public water systems to ensure that the water plant, distribution system and water storage facilities are properly operated and maintained
 - Collect drinking water fees
 - Perform source water vulnerability assessments
 - Implement Georgia's source water assessment and protection program
 - Prepare Wellhead Protection Plans for water supply systems of Georgia's municipalities
 - Issues water well licenses and conduct investigations for sources of pollution of municipal wells and aquifers supplying municipal wells

Georgia Environmental Protection Division District Offices

ECO-TIPS – for Georgia's Environment

TO IMPROVE OUR AIR AND REDUCE GLOBAL WARMING:

- ◆ Car pool, van pool, use transit, telework, bike or walk when possible. Cars are the largest cause of our air pollution in most urban areas of Georgia. When you do use your car, plan ahead and combine trips and errands. If you are buying a new car choose a fuel efficient and low emitting model.
- ◆ Properly maintain your vehicle and keep tires properly inflated.
- ◆ Limit idling when possible, avoid quick starts and drive within the speed limit.
- ◆ Refuel cars after 6:00 pm to limit daytime pollution releases and don't top off your tank.
- ◆ Keep lawn equipment and boats tuned up. Do not use lawn mowers and other gas powered lawn tools on a smog alert day, or use electric tools instead.
- ◆ Use electric or natural gas grills instead of charcoal and lighter fluids.
- ◆ Use environmentally-safe paints and cleaning products. Delay use of oil-based paints until after 6:00 pm or after smog season.
- ◆ Conserve energy and turn off lights when you aren't using them. Set air conditioners to 78°F or higher or use a fan when possible. When buying a new appliance, think of buying one that is energy efficient. Remember most of the energy we use comes from the burning of fuel. The more energy efficient we are, the less we pollute.

TO CONSERVE OUR WATER AND PREVENT POLLUTION OF RIVERS & STREAMS:

- ◆ Install ultra low-flow plumbing devices and fixtures. Replace worn out washers on leaky faucets.
- ◆ Take shorter showers. Five minutes or less is probably adequate.
- ◆ Do not use the toilet as a trash can. Each flush uses about 5 gallons.
- ◆ Turn the water off while shaving or brushing teeth. Don't let it run while you're washing your car.
- ◆ Replace leaky toilet valves (a "running toilet" between flushes). You may be losing more than 250 gallons a day.
- ◆ Wash only full loads of clothes and dishes.
- ◆ Don't run the tap to get a cool glass of water.
- ◆ Minimize lawn and garden watering. Water trees, lawns and shrubs slowly to prevent runoff.
- ◆ Participate in a cleanup event (annual river cleanup held each October) or local Adopt-A-Stream program. For information call 1-888-373-5947 (toll free).
- ◆ Buy household products labeled non-toxic, non-phosphorous or water-soluble. Toxic chemicals can harm stream life. Phosphorous can promote excessive growth of weeds and algae.
- ◆ Dispose of trash properly. Styrofoam and plastics can kill fish and wildlife and contaminate water sources.
- ◆ Inspect septic tank system annually. Pump it out every 3-5 years.
- ◆ Do not dispose of solvents, hazardous chemicals or waste in storm or home drains.
- ◆ Use pesticides, herbicides, and fertilizers carefully and sparingly and only when other methods have failed. Do not apply if rain is in the forecast. Remember, anything entering a storm drain goes directly into streams, untreated.
- ◆ When watering lawn and garden, divert garden hoses from paved surfaces onto grass.
- ◆ Do not dump used motor oil or antifreeze down storm drains. Take used motor oil and antifreeze to designated recycling centers.
- ◆ Have your car inspected and maintained regularly. Leakage of fluids will eventually reach the nearest stream.
- ◆ Report any suspicious potential pollutant discharge or illegal dumping activity. Call 1-800-241-4113 (toll free).

TO PROTECT OUR LAND RESOURCES:

- ◆ Choose products and containers that are recyclable. Participate in a community recycling drive or curbside program.
- ◆ Reuse or recycle newspaper, boxes, brown paper bags, packaging peanuts and other packaging materials. Wash and reuse glass and plastic jugs, coffee cans and dairy tubs.
- ◆ Reduce the amount of unnecessary packaging. Buy products that are reusable or packaged in bulk, or buy the large economy size.
- ◆ When possible use rechargeable batteries. This practice will help eliminate toxic metals in soil and ground water.
- ◆ Make sure your vehicle is well maintained and isn't leaking any fluids. Petroleum products can contaminate the soil and ground water.
- ◆ Try using natural household cleansers, such as soap & water, instead of chemical cleansers. If you do need to use products with hazardous components, follow instructions carefully. Any unused portion can be shared with neighbors or donated to businesses and charities or recycled. Do not pour them down the drain or on the ground.
- ◆ Maintain and repair durable products and keep appliances in good working order. Buy high-quality, long-lasting tires, and follow maintenance procedures. This will extend tire life and reduce tire waste.
- ◆ Leave mowed grass clippings on the lawn to decompose and add nutrients to the soil. Start a compost pile with leaves, grass and shrub clippings, and some non-meat food scraps.
