Works for us, thanks! We are working on the Final CSR now and plan to submit it in lieu of the July semiannual progress report. We are also still negotiating the UEC with the Taylor property, so that will likely not be resolved in time for the CSR.

Good morning! Do you still plan to send out a formal letter, or should we just keep the emails below for our records?

Thanks!

Hey Sarah, we are having some IT issues and I will not be able to get a letter to you this week regarding the e-mail below. Let me know when you are ready to send the UEC's out. Please proceed and let me know if you have any questions.

Thanks,

--jm

Hey Sarah, the model is good to go, please proceed with the CSR. One comment was to please ensure that all text and tables use the correct and consistent units. Also please include 2-3 sampling events post delisting to verify that MW-27 ad 28 stay BDL. I'll send a formal letter to you the week of the 16th. Ill be out of the office until then.

Thanks,

--jm
