NOTICE OF DRAFT 2019 AMBIENT AIR MONITORING PLAN – May 2019

To All Interested Parties:

The Georgia Environmental Protection Division (GA EPD) announces its intent to issue the 2019 Ambient Air Monitoring Plan to the U.S. Environmental Protection Agency in July 2019. The GA EPD is required to produce this annual plan as part of EPA's amended ambient air monitoring regulations established October 17, 2006.

Georgia EPD's 2019 Ambient Air Monitoring Plan will show how the state agency plans to meet EPA regulations for monitoring air quality in the state by assessing monitoring objectives, site appropriateness for air quality characterization, spatial scale represented by each monitor and appropriate new technologies.

GA EPD's air monitoring network consists of a number of stations located throughout the state. GA EPD uses the air monitoring data to track if air quality standards are being met, to assist in enforcement actions, to determine the improvement or decline of air quality, to trace the extent of allowable industrial expansion and to provide air pollution information to the public.

The draft 2019 Ambient Air Monitoring Plan will be available for review on the GA EPD Air Protection Branch internet site: <https://epd.georgia.gov/air-protection-branch-public-announcements> and the Ambient Air Monitoring Program website: <https://airgeorgia.org/>. Please note that the internet is generally accessible from most public libraries in Georgia and at the Air Protection Branch office listed above.

If copies of the draft 2019 Ambient Air Monitoring Plan are desired, each page is \$0.10 per copy. A copying machine for public use is provided by GA EPD at the Atlanta Air Protection Branch office only and is available on a first-come, first-served basis. Office hours are 8:30 a.m. to 4:00 p.m., Monday – Friday, excluding holidays.

After the comment period has expired, GA EPD will consider all comments received. GA EPD's responses to comments and any other relevant information will then be made available for public review during normal business hours at the office of the Air Protection Branch.
