Subject: Approval of the State of Georgia's 2012 303(d) List Submittal

Dear Ms. MacGregor:

The U.S. Environmental Protection Agency Region 4 has completed its review of Georgia Environmental Protection Division's (GAEPD) Final 2012 Clean Water Act (CWA) Section 303(d) list of water quality limited segments. The EPA has determined that each of the water quality limited segments still requiring Total Maximum Daily Loads identified on the State's 2012 list meets the requirements of the CWA Section 303(d) and its implementing regulations, 40 CFR 130.7. The EPA hereby approves the State of Georgia's decision to include each of the waters designated by the State in its 2012 303(d) list. Enclosed for your information is the accompanying decision document for this approval action.

If you have questions concerning this matter, please feel free to contact me at (404) 562-9345 or Ms. Andrea Zimmer, Chief, Monitoring and Information Analysis Section at (404) 562-9306.

Sincerely,

James D. Giattina
Director
Water Protection Division
