Dear Mr. Cook:

The Georgia Environmental Protection Division (EPD) has reviewed the Report of Soil Excavation dated March 12, 2013 for the above referenced site. Based on that review, I concur with your certification of compliance that groundwater and soil at the site is in compliance with the Type 1 Risk Reduction Standards. Therefore, I am designating the site as not needing further action and I am removing it from the Hazardous Site Inventory in accordance with §391-3-19-.05(4)(b) of the Rules for Hazardous Site Response (Rules) as of the date of this letter.

As required by §391-3-19-.06(5)(f) of the Rules, a public notice announcing this determination shall be published in *The Union Recorder* and *The Macon Telegraph*. Please direct any questions you may have to Yue Han of the Response and Remediation Program at (404) 657-8678.

Sincerely,

Keith M. Bentley, Chief
