**Re: Voluntary Remediation Program Progress Report  
Color Spectrum Site (HSI #10831)  
29 Probasco Street  
LaFayette, Georgia 30728**

Dear Ms. McCarron:

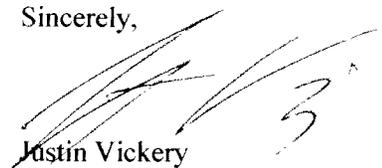

On behalf of CSI Realty, LLC, this Voluntary Remediation Program (VRP) Progress Report is being submitted for the above-referenced site in accordance with EPD's March 30, 2012 VRP Application approval letter. In accordance with EPD's letter, CSI Realty has filed the required deed notice with the clerk of the Superior Court of Walker County and provided a copy to EPD on June 21, 2012.

On May 24, 2012, CSI Realty provided a cost estimate for VRP implementation to EPD and requested an extension of EPD's deadline for submittal of financial assurance, pending EPD's review and approval of the cost estimate. EPD has not yet responded to this request. Given the limited nature and cost of VRP implementation at the site, however, we also request that EPD consider waiving its request for financial assurance at this site.

CSI Realty will be proceeding with the project work proposed in the VRP Application and will report on additional progress in the next semi-annual progress report. Attached are an updated Projected Milestone Schedule and a Summary of Labor Hours.

If you have any questions, please call.

Sincerely,

  
Justin Vickery  
Senior Geologist
